RE: Notice of File Closure for Small Mining Activities, Golden Stirrup, S/047/045, Uintah County, Utah

I discussed this file with both Chaunchie Todd (USFS) and Will Stokes (SITLA) to determine the ownership of this particular section. Will looked through his files and stated that this particular section seems to be somewhat of a "Hodge-Podge" of ownership, both USFS and SITLA. Both entities stated that this particular permit was closed in 1989. Chaunchie stated that the owners had never completed the submittal and that he had been to that area and found that no mining had ever occurred.

The participants have since left the area with no forwarding address; therefore, this memo will be filed accordingly.
